**Top Level Domain Holdings Limited
("TLDH" or the "Company")**

Unaudited Interim Results for the period ended 30 April 2011

The Directors of Top Level Domain Holdings Limited (AIM: TLDH.L), the only publicly traded company focused exclusively on acquiring and operating new generic top-level domains ("**gTLD**"), today announce the unaudited interim results for the 6 months ended 30 April 2011 (the "**Period**").

Period Highlights:

- Substantial progress made by the Internet Corporation for Assigned Names and Numbers ("**ICANN**") towards the roll out of gTLDs;
- Completion of placing raising £4.8 million before expenses to provide additional working capital and enable the Company to further develop its TLD portfolio and business; and
- Cash and cash equivalents at the Period end at approximately £7.7 million.

Post-Period Highlights:

- Minds + Machines appointed by India TL Domain Pvt Ltd ("**ITLD**"), with the approval of the city of Mumbai, to provide registry and consulting services for ITLD's proposed application for the generic top-level domain .MUMBAI;
- Agreement signed with Neustar (NYSE:NSR) to work exclusively on new geographical gTLDs, with some exceptions, to prepare applications for gTLDs on behalf of other cities and regions; and
- New gTLD program approved by ICANN at its extraordinary meeting in Singapore on 20 June 2011.

Frederick Krueger, Executive Chairman of TLDH, commented:

"We are excited about the prospects for the development of the Company following ICANN's decision to approve the new gTLD program. The Company's strategy continues to be one of building a portfolio of gTLD applicants and infrastructure technologies. With our substantial cash resources and our significant interests in prospective applicants including .eco, .nyc, .berlin, .bayern, .mumbai, .radio and .gay amongst others, we believe that TLDH is very well positioned to participate successfully in the forthcoming gTLD application and award process. We will be using the period before the application window opens to market widely the registry services of Minds + Machines."

About Top Level Domain Holdings Limited, <http://tldh.org>

Top Level Domain Holding is a publicly traded holding company listed on the London AIM market. The company is focused on the new top-level domain space. Top-level domains, such as .com, run by VeriSign (NASDAQ: VRSN), and .biz, run by NeuStar (NYSE: NSR), are regulated by ICANN. ICANN has announced plans to expand the number of top-level domains. TLDH intends to make targeted investments in this space, focusing on both infrastructure technologies and specific top-level domains.

About Minds + Machines, <http://mindsandmachines.com>

Minds + Machines is a registry services provider that works internationally with commercial organisations, cities, not-for-profits and entrepreneurs to secure and operate new web domains, known as top-level domains (TLDs). Minds + Machines is a wholly owned subsidiary of Top Level Domains Holdings, Ltd.

CHAIRMAN'S STATEMENT

I am pleased to present the interim report for Top Level Domain Holdings, Ltd. (the "Company") for the six-month period ended 30 April 2011.

The Period was one of substantial further progress by the Internet Corporation for Assigned Names and Numbers ("ICANN") towards the eventual roll out of gTLDs, which culminated after the Period in the approval by ICANN of the new gTLD program at its extraordinary meeting in Singapore on 20 June 2011. As well as overall approval of the new gTLD program, the ICANN Board also approved the following timeline:

- The window for submitting applications for new gTLDs will open on 12 January 2012 and will close on 12 April 2012.
- Those gTLDs for which applications are made together with the identity of their applicants will be published approximately two weeks after the close of the application period on April 12, 2012.
- Initial evaluations of applications by ICANN are estimated to be completed in November 2012.

During the Period the Company continued to prepare for the launch of gTLDs. After the Period, Minds + Machines, a wholly owned subsidiary of TLDH, was appointed by India TL Domain Pvt Ltd ("ITLD"), with the approval of the city of Mumbai, to provide registry and consulting services for ITLD's proposed application for the generic top-level domain .MUMBAI. In addition, Neustar (NYSE:NSR) signed an agreement to work exclusively with the company on new geographical gTLDs, with some exceptions, and over the next six months we will be working hard with our partner Neustar to prepare applications for gTLDs on behalf of other cities and regions. We will also be using the extended period prior to the commencement of the application window to begin aggressively marketing our suite of registry solutions to potential applicants so that we can maximise our applications in Q1 2012.

Minds + Machines LLC (www.mindsandmachines.com) (100% Group ownership)

Minds + Machines LLC, which was founded in 2008 by Antony Van Couvering, is a full-service consulting and registry services company that provides a complete suite of registry solutions for new gTLD applicants. In addition to its relationship with Neustar, Minds and Machines LLC already has an agreement in place to extend the CoCCA registry platform, currently deployed in 30 countries, to new gTLDs, through its proprietary registry platform, Espresso, which Minds + Machines LLC wholly owns.

DotNYC LLC (www.dotnyc.net) (65% Group ownership)

The team of DotNYC LLC has launched five successful top level domains, advised a number of other top level domain companies and created the model for public-private partnerships for geographic-based web addresses. dotNYC LLC has applied to New York City for the contract to operate the New York City gTLD, dot.nyc.

DotEco LLC (www.supportdoteco.com) (25% Group ownership)

DotEco LLC, which is based in California, intends to build an environmentally-focused gTLD. DotEco LLC has agreements with and strong support from several major environmental organizations, and expects to apply for the .eco gTLD.

Financial Results

Revenue for the Period was £26,000 with finance revenue totalling £2,000. Administrative expenses totalled £509,000. Share options expensed totalled £92,000. Retained loss for the period attributable to members of the parent Company totalled £573,000 for a loss of 0.16 pence per Ordinary share. The Company still has significant cash resources. During the Period in November 2010, we completed a placing of new ordinary shares in the Company, which raised £4.8 million before expenses (equivalent to approximately US\$7.5 million at that time) to provide additional working capital and enable the Company to further develop its TLD portfolio and business. Cash and cash equivalents at the Period end amounted to approximately £7.7 million.

Outlook

The Board is excited about the prospects for the development of the Company now that the gTLD program has finally been approved by ICANN. The Company's strategy continues to be one of building a portfolio of gTLD applicants and infrastructure technologies. With our substantial cash resources and our significant interests in prospective applicants (including .eco, .nyc, .berlin, .bayern, .mumbai, .radio and .gay amongst others) together with the capabilities of our wholly-owned subsidiary Minds and Machines LLC and our recently announced partnership with Neustar Inc., we believe that TLDH is very well positioned to participate successfully in the forthcoming gTLD application and award process.

TOP LEVEL DOMAIN HOLDINGS LTD
NOTES TO THE INTERIM FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 30 APRIL 2011

1. Basis of preparation

The consolidated financial statements has been prepared under the historical cost convention and on a going concern basis and in accordance with International Financial Reporting Standards and IFRIC interpretations adopted for use in the European Union (“IFRS”) and those parts of the BVI Business Companies Act applicable to companies reporting under IFRS.

The financial information for the period ended 30 April 2011 has not been audited or reviewed in accordance with the International Standard on Review Engagements 2410 issued by the Auditing Practices Board. The figures were prepared using applicable accounting policies and practices consistent with those adopted in the statutory accounts for the period ended 31 October 2010. The figures for the period ended 31 October 2010 have been extracted from these accounts, which have been delivered to the AIM Market operated by the London Stock Exchange, and contained an unqualified audit report.

The financial information contained in this document does not constitute statutory financial statements. In the opinion of the directors the financial information for this period fairly presents the financial position, result of operations and cash flows for this period.

This Interim Financial Report was approved by the Board of Directors on 22 June 2011.

Statement of compliance

These condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union with the exception of International Accounting Standard (‘IAS’) 34 – Interim Financial Reporting. Accordingly the interim financial statements do not include all of the information or disclosures required in the annual financial statements.

Basis of consolidation

The consolidated financial statements comprise the financial statements of Top Level Domain Holdings Ltd and its controlled entities. The financial statements of controlled entities are included in the consolidated financial statements from the date control commences until the date control ceases.

The financial statements of subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

All inter-company balances and transactions have been eliminated in full.

Foreign currencies

The functional currency of each entity is determined after consideration of the primary economic environment of the entity. The group’s presentational currency is Sterling (£).

2 Segmental analysis - Group

For the purposes of segmental information, the operations of the group currently comprise one class of business: that of internet operations, with a view to enhancing Group shareholder values. Revenue is received on the basis of parking revenue and domain sales.

The parent company acts as a holding company.

The Group’s loss for the period arose from its internet operations, with all assets being held within British Virgin Island (BVI), European and USA subsidiaries.

3. Loss per share

The calculation of earnings per share is based on the loss after taxation divided by the weighted average number of shares in issue during the period:

	Period ended 30 April 2011 (unaudited) £'000	Period ended 30 April 2010 (unaudited) £'000	Year ended 31 October 2010 (unaudited) £'000
Net loss after taxation	(573)	(462)	(941)
Weighted average number of ordinary shares used in calculating basic earnings per share	348.19m	282.95m	283.55m
Basic loss per share (expressed in pence)	(0.16) pence	(0.16) pence	(0.33) pence

As the inclusion of the potential ordinary shares would result in a decrease in the loss per share they are considered to be anti-dilutive and, as such, a diluted loss per share is not included.

4. Share capital

The authorised share capital of the Company and the called up and fully paid amounts at 30 April 2011 were as follows:

	£'000
Unlimited ordinary shares of no par value each	- Authorised
Called up, allotted, issued and fully paid	Number of shares
