

**Subject Line:** ICM Registry RSP Transition Commencing 29 October 2019

Dear Registrar:

We are pleased to announce that we will be migrating the Registry Service Provider (RSP) for our ICM Registry portfolio of TLDs (.adult, .porn, .sex and .xxx) to the Uniregistry platform starting 16:00 UTC 29 October 2019.

This process will require all existing ICM accredited registrars to obtain access to the new Uniregistry platform.

To make this process seamless, your existing account contact and EPP information will be automatically migrated to the Uniregistry platform and the Uniregistry team will begin engaging with you directly starting on 04 September 2019 for OT&E and various other system information.

We and the Uniregistry team look forward to providing you with all the relevant information regarding the RSP transition process via email and a dedicated [migration website](#).

If you have any questions, please do not hesitate to contact our support team at [support@mmx.co](mailto:support@mmx.co)

Kindest regards,

MMX Registry Support Team
